PROPERTY OWNER'S ACKNOWLEDGEMENT OF RESPONSIBILITY AND UNDERTAKINGS

- understand that in consideration of being granted a permit, release and agree to indemnify the Township of Spallumcheen, its Council members, employees and agents from and against all liability, demands, claims, causes of action, suits, judgments, losses, damages, costs and expenses of whatever kind which I/we or any other person, partnership or corporation or our respective heirs, successors, administrators or assignees may have or incur in consequence of, or incidental to, the granting of a permit or any representation, advice, inspection, failure to inspect, certification, approval, enforcement or failure to enforce the Building Bylaw or the *Building Code* and I/we agree that the Township of Spallumcheen or Regional District of North Okanagan owes me/us no duty of care in respect to these matters;
- have checked the Certificate of Title for covenants, building schemes, easements, etc. and I/we understand that these matters are not enforced by the Township or Regional District;
- recognize that there are areas of 'problem soils' within the Township of Spallumcheen which are widely distributed as to location. I/we hereby affirm that it is my/our responsibility as owner of the parcel to identify site conditions generally and 'problem soils' in particular on which the construction cited in my application is to be placed and I/we will take all action required to ensure adequacy of foundation works;
- hereby acknowledge that if granted a permit pursuant to my/our application, that it is my/our responsibility to ensure compliance with the *Building Code*, Building Bylaw and any other applicable enactment, code, regulation or standard relating to the work in respect of which the permit is issued, whether or not said work is undertaken by me/us or by those whom I/we retain or employ to provide design and/or construction services;
- hereby acknowledge that neither the issuance of a permit; nor the acceptance and review of plans, specifications, drawings or supporting documents; nor inspections made by or on behalf of the Township constitute a representation, warranty, assurance or statement that the *Building Code*, Building Bylaw or any other applicable enactment, code, regulation or standard has been complied with; and,
- acknowledge that I/we have been advised to obtain independent legal advice in respect of the responsibilities I/we am assuming upon the granting of a permit by the Township of Spallumcheen pursuant to my/our application and in respect of the execution of this document.

I have read the above acknowledgement, undertaking, release and indemnity and understand it. I understand that a Building/Moving/Demolition/Sign Permit Application held on file at the Township of Spallumcheen or Regional District of North Okanagan and not completed within six months shall expire and all application documents may be destroyed. This application is made with my full knowledge and consent:

Affidavit For Properties Not Subject To the Provincial Riparian Areas Regulations

Property Subject to Development:

Legal Description: _____

Property Address: _____

Registered Owner(s) of the Above Property:

As the Registered Owner(s) of the above described property, I (we) solemnly affirm that the development proposed for the subject property will not be located within a "riparian assessment area" as defined by the *Provincial Riparian Areas Regulations*("Regulations"); and

I (we) understand that under the *Regulations* "development" means any of the following associated with or resulting from the local government regulation or approval of residential, commercial or industrial activities to the extent that they are subject to local government powers under the *Local Government Act*:

- a) removal, alteration, disruption or destruction of vegetation;
- b) disturbance of soils;
- c) construction or erection of buildings and structures;
- d) creation of non-structural impervious or semi-impervious surfaces;
- e) flood protection works;
- f) construction of roads, trails, docks, wharves, and bridges;
- g) provision and maintenance of sewer and water services;
- h) development of drainage systems;
- i) development of utility corridors;
- j) subdivision as defined in Section 872 of the Local Government Act; and

I (we) understand that a "riparian assessment area" is defined under the *Regulations* as follows:

- a) for a stream, the 30 metre strip on both sides of the stream, measured from the high water mark;
- b) for a ravine less than 60 metres wide, a strip on both sides of the stream measured from the high water mark to a point that is 30 metres beyond the top of the ravine bank; and
- c) for a ravine 60 metres wide or greater, a strip on both sides of the stream measured from the high water mark to a point that is 10 metres beyond the top of the ravine bank; and

I (we) understand that a "stream" is defined under the *Regulations* as any of the following that provides fish habitat:

- a) a watercourse, whether it usually contains water or not;
- b) a pond, lake, river, creek or brook;
- c) a ditch, spring or wetland that is connected by surface flow to something referred to in paragraph a) or b); and

I (we) understand that a "ravine" is defined under the *Regulations* as a narrow, steep sided valley that is commonly eroded by running water and has a slope grade greater than 3:1.

Riparian Areas Regulation Transition Policy

Any of the following associated with or resulting from the local government regulation or approval of residential, commercial or industrial uses or ancillary activities to the extent that they are subject to local government powers under Part 26 of the *Local Government Act*:

- a) removal, alteration, disruption or destruction of vegetation;
- b) disturbance of soils;
- c) construction or erection of buildings and structures;
- d) creation of non structural impervious or semi-impervious surfaces;
- e) flood protection works;
- f) construction of roads, trails, docks, wharves and bridges;
- g) provision and maintenance of sewer and water services;
- h) development of drainage systems;
- i) development of utility corridors;
- j) subdivision as defined in section 872 of the *Local Government Act*.

And which are located within a "**riparian assessment area**" which is defined as follows:

- a) for **stream**, the 30 metre strip on both sides of the stream, measured from the high water mark;
- b) for a **ravine** less than 60 metres wide, a strip on both sides of the stream measured from the high water mark to a point that is 30 metres beyond the top of the ravine bank; and
- c) for a **ravine** 60 metres wide or greater, a strip on both sides of the stream measured from the high water mark to a point that is 10 metres beyond the top of the ravine bank.

Noting that the following definitions apply:

A "**stream**" includes any of the following that provides fish habitat:

- a) a watercourse, whether it usually contains water or not;
- b) a pond, lake, river, creek or brook;
- c) a ditch, spring or wetland that is connected by surface flow to something referred to in paragraph a) or b).

A "**ravine**" means a narrow, steep sided valley that is commonly eroded by running water and has a slope grade greater than 3:1.

Then, for a local government to allow development to proceed in a riparian assessment area, a developer will be required to follow the RAR and, at their expense, hire a QEP to provide an assessment report to the Ministry of Environment and to Fisheries and Oceans Canada and the local government must receive notification from the Ministry that, in respect of the proposed development, an assessment report has been received which meets the requirements of section 4 (2) or of section 4 (3) of the Riparian Areas Regulation. For example, these requirements apply to the issuance of development permits, development variance permits or building permits for development involving a riparian assessment area or in relation to zoning, re-zoning or subdivision servicing bylaws in respect of development in a riparian assessment area.

If a development is proposed in an area that is clearly not in, or in close proximity to, a riparian assessment area, then the normal local approval process will be followed. However, if there is any doubt, local government staff may consider requiring the developer to sign a document, such as an affidavit, confirming that, in respect of the proposed development, there are no changes proposed within a riparian assessment area. The developer will then be responsible for any consequences of not following the Riparian Areas Regulation or for providing incorrect information.
